

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

### About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. Brooklyn. Methodist Episcopal hospital

## INSTRUCTIONS FOR APPLICANTS FOR ADMISSION

This Hospital, although it is under the supervision of the Methodist Episcopal Church, has been erected and equipped for the purpose of providing attendance and care for the sick without reference to religious belief or race.

It is open for the treatment of general medical or surgical diseases, excepting those of a contagious or incurable character.

The charge for ward patients shall be, for adults \$10 per week, or \$1.50 per day, and for children \$6 per week, or \$1 per day, payable in advance, or in such proportions of these sums as they or their friends may be able to pay, provided, however, that no one shall ever be refused admission on account of inability to pay unless the resources of the Hospital shall have become exhausted.

The charge for board in the private rooms shall be at rates fixed by the Executive Committee, and payable in advance, and shall include adequate nursing, which, as a rule, means one nurse for every four patients. If patients require or their friends desire that they shall have the exclusive services of a nurse, such nurse or nurses will be provided at the patient's expense. Rare or expensive medicines, the use of the X-Ray, pathological examinations, special articles of diet, instruments, or appliances not ordinarily supplied must be provided at the patient's expense. In both wards and private rooms the day of entering and the day of leaving are *each* counted as one day.

The regular charges made by the Hospital for the care of patients shall cover only the ordinary diet and nursing, together with the services of the House Staff.

The customary charges shall be made for the use of the operating room and for the private use of the ambulance.

The Attending Physicians and Surgeons shall receive no compensation from patients treated in the wards of the Hospital, which are intended only for those whose circumstances will not permit the use of private rooms.

The Attending and Consulting Physicians and Surgeons are expected to make definite private arrangement as to their professional fees with those patients whom they recommend to the Hospital authorities for treatment in private rooms BEFORE such patients are sent to the Hospital.

Whenever a patient applies directly to the Hospital for treatment in a private bed, and it shall appear that an ability exists to pay for professional services, in whole or part, over and above the Hospital charges for board and nursing, which must in every case be met first, the Superintendent shall arrange in regard to the fee and collect the same; and no bill will be presented by the Attending Physician or Surgeon.

### **DEDICATION OF NURSES' HOME**

O, most glorious Lord, we acknowledge that we are not worthy to offer unto Thee anything belonging unto us, yet we beseech Thee in Thy great goodness graciously to accept the dedication of this place and prosper this our undertaking. May those who come to dwell within these walls worship Thee with mind and spirit, and trusting Thee with all the heart, rejoice in Thee as an ever-present and all-sufficient Saviour. In their hours of conscious or unconscious rest, guard them so that whether by relaxation or by the refreshment of slumber they shall be the better qualified for service. Sanctify with Thy presence the fellowships which shall be fostered here. Grant day by day the renewal of strength and courage that so the tasks undertaken in love of Thee and Thine may be worthily performed. In the blessing which comes to those who minister may those to whom they minister be blessed, and in their interpretation of Thy Spirit, O gentle, loving Christ, may Thy name be praised. May we who are gathered here this day increase daily in the knowledge and love of Thee, and with Thy whole church honor Thee in our ministries to men, lending of our strength to those who are weak, assuaging the griefs of those who suffer, bringing comfort to those who sorrow, cheering the solitude of those who feel themselves alone. So may we be worthy the comradeship of those who seek to make the earth like heaven. So may we in some humble way approve ourselves the followers of Him who went about doing good. Come now, we pray Thee, into this house and glorify it with Thy presence, and at length bring us, with all for whom we pray, into the everlasting habitation, in the land where there is no night and no sin, and none ever say they are sick. We ask it in the name of the Father, and of the Son, and of the Holy Ghost. Amen.

## REPORT OF SUPERINTENDENT

TO THE BOARD OF MANAGERS AND FRIENDS OF THE HOSPITAL:

The year 1915 in many particulars was like its predecessors. It was crowded with beneficent ministries; 1,844 more patients were cared for than in 1914. Statistics suggest, but cannot adequately portray the helpful ministries of the year; yet figures become eloquent to one who has watched the endless procession of men, women, and children, broken in health, and often in spirit, as it enters the hospital; and then sees it later going forth again with health returning to pallid cheeks, and elasticity showing itself in every step.

In this twenty-eighth annual report will be found department reports which are worthy careful study; indeed, should not be overlooked by any who would be well informed concerning this Christ-like beneficence.

In order to answer some very natural questions we shall give a few comparative tables:

PATIENTS TREATED IN 1915 AND 1914

	1915	1914	Inc.	Dec.
Treated in wards and rooms.....	4,434	3,895	539	
Treated in emergency ward.....	1,398	1,079	319	
Treated by ambulance surgeon and left at place of accident, or taken home or elsewhere.....	1,267	1,228	39	
Treated in out-patient department (making 22,277 visits).....	6,357	5,636	721	
Examination and special advice given..	1,316	826	490	
Office patients treated in electro-therapeutic department (making 1,568 visits).....	90	99		9
Number of patients who have received the benefits of the hospital in all departments during the year.....	14,607	12,763	1,844	
Average stay of indoor patients.....	15.7	16.66		
Died.....	310	319		9
Number of days' treatment which private patients received who paid the physician or surgeon in the hospital in full was.....	15,148	14,299	849	
Number of days' treatment which ward patients received who paid the hospital rates, but did not remunerate the physician or surgeon, was...	16,888	12,459	4,429	
Number of absolutely free days' treatment was.....	34,573	35,836		1,263

This is a record that will make our friends rejoice.

There are, however, numerous services which cannot be tabulated in this way. For example, the service rendered by our Social Service Worker, Miss Nettie B. Brady, who has charge of the dispensary, and there meets with hundreds of people who for the most part are poor. She also renders efficient service in the wards of the hospital. Her tabulated report will be found in another place.

RECEIPTS AND EXPENDITURES. This heading suggests a very practical subject. Sympathy and beneficence are beautiful terms, but stand for very costly articles, especially this year when certain supplies have advanced by leaps and bounds, as for example:

Peroxide Hydrogen.....	Gal.	180%
Soda Bromide.....	1lb	600%
Bichloride Mercury.....	1lb	140%
Soda Salicylate.....	1lb	80%
Surgical Soap.....	1lb	120%
Potash.....	1lb	300%
Menthyl Salicylate.....	1lb	900%
Creosote.....	1lb	1,200%
Bal. Peru.....	1lb	140%
Bismuth.....	1lb	38%
Salol.....	1,000 tabs.	400%
Aspirin.....	1,000 tabs.	120%
Acid Carbolic.....	1lb	1,700%
Lycopodium.....	1lb	250%
Ichthyol.....	1lb	75%
Glycerine.....	1lb	23½%
Coal Tar products.....	2 and 3 times the price	250%

Here are the principal items of expense for 1915; the complete statement will be found in the treasurer's report:

#### PRINCIPAL ITEMS OF EXPENSE

	1915	1914	Inc.	Dec.
Administration and corpora- tion expenses.....	\$18,445.21	\$17,124.41	\$1,320.80	
Professional care of patients..	27,013.65	25,592.50	1,421.10	
Various departments, includ- ing ambulance, pathologi- cal, housekeeping, and laundry.....	25,265.42	22,986.64	2,278.78	
Steward's department.....	40,135.94	36,298.92	3,837.02

#### SOURCES OF INCOME

When such bills as these are to be met you are anxious about

the receipts. From our several sources of income, the receipts were as follows:

	1915	1914	Inc.	Dec.
From individuals.....	\$7,296.92	\$10,666.76		\$3,369.84
From Conferences and Churches.....	6,469.93	6,832.93		363.00
From private patients...	52,820.23	46,162.88	\$6,657.35	
From public wards.....	25,157.06	18,347.64	6,809.42	
From dispensary, treatment of patients.....	2,455.76	2,300.52	155.24	
From X-ray and electrical treatment.....	1,293.75	1,240.25	53.50	
From bonds and mortgages, less interest on annuities.....	41,200.07	42,048.67		848.60
Total from these sources.....	\$136,693.72	\$127,599.65	\$9,094.07	
From city, for ambulance patients.....	11,800.19	16,145.95		\$4,345.76
Grand total.....	\$148,493.91	\$143,745.60	\$4,748.31	

It is proper to say that comparisons of this kind are somewhat misleading. A person one year may give money which will be reported under "Conferences and Churches"; and the next year under "Individuals," a caption which embraces gifts of money from other than church sources, such as "corporations"; while another year he may make a gift of supplies, and as a cash gift it may not appear at all. Sometimes a large gift is made for one year, which may not be repeated for several years; and thus fair comparison cannot be made between any two years.

This year the gifts from individuals are a little less than last year, but this is explained by the fact that the Liability Insurance Law has increased income "From Public Wards" and reduced income under the head of "Individuals," for when corporations pay the State liability claims they withdraw their annual donation to the Hospital; but this change is of decided benefit to the Hospital.

All things considered, this part of the report compares favorably with other years; and yet we are convinced that our receipts from Churches, Conferences, and individuals are not what they should be; and we hereby call upon our ministers and laymen to see to it that the Hospital is accorded the largest possible opportunity to reach the financial resources of their Churches.

The income from the city is also less than received last year, according to the Treasurer's report. The reason is this: the city

**Endowment  
Fund**

is behind three months in its payments, so that receipts for but nine months only appear. No doubt the city is perfectly solvent, and the claims of the Hospital will be fully met later on.

Here a very gratifying fact should be noticed. The Treasurer's report shows that interest to the amount of \$41,200.07 was received from the Endowment Fund to help carry on our free work. Here is a strong argument for the strengthening of this Fund. New buildings without a corresponding increase in the Endowment Fund may prove a great embarrassment. I know of one hospital that declined the offer of a much needed new building until such time as a sufficient endowment could be created to meet the additional expense.

Our Endowment Fund has grown with our buildings and equipment. Within a few years we have expended upon new buildings, rebuilding old ones, and general property improvements, nearly \$500,000. During the same time our Invested Funds increased about the same amount. This we consider an exceedingly important matter in the development of a great hospital. If \$100,000 is expended in the enlargement of a hospital plant, at least as large an amount should be added to the endowment fund.

We are pleased to report here that during the past year we have added to our Invested Funds \$27,541.36.

We especially commend this fund to the careful thought of men and women of means, for every dollar contributed for the endowment of beds, or placed in the Annuity Fund, finally to reach the Endowment Fund, or left by bequest for this purpose, increases the strength of the Hospital for present and future work.

**Improvements**

The past year, like all recent years, has been marked by important and expensive improvements. Our elevators have been equipped by a device which makes it impossible to move an elevator from one floor to another before the elevator doors are closed. This cost \$841. A fire alarm system has been installed, costing \$1,970. A new refrigerator, costing \$1,320. A new X-ray machine outfit, costing \$2,153.40. A musolaphone has been installed at a cost of \$775. Two new food cards have been purchased, costing \$200. A floor in the Annex Building has been renovated at a cost of \$2,844.91, for the use of the House Staff; each member of which now has a room to himself, and a large community room is also provided. On account of transferring the laundry to its new quarters we have been able to more than double the size of the Nurses' dining-

room. These changes were made at a cost of \$4,152.15. The Western Pavilion recently vacated by the pupil nurses, when they were transferred to their new Home, was painted and put in order for the maids, thirty-five of whom are now cared for in comfortable rooms. The Eastern Pavilion, formerly occupied by nurses, is now being renovated, and in a few weeks will be in readiness to care for thirty-five patients.

Plans and specifications have been prepared for changes on the fourth floor of the Halls Administration Building, formerly occupied by the House Staff and certain employees, where about thirty patients will be accommodated. The Executive Committee considered that it would be better to do this work in the summer, and therefore it was postponed for the present.

The great outstanding improvement of the year was the erection of the Nurses' Home, and its dedication by Bishop Luther B. Wilson, D.D., LL.D., Resident Bishop of New York. In another part of this report the Home will be more fully treated.

Scarcely second to these improvements was the reorganization or readjustment of the professional work of the Hospital. Several years ago the medical and obstetrical work of the Hospital was organized into separate services, each with a chief and various assistants, an organization which for years has given eminent satisfaction. The desirability of organizing the surgical work of the Hospital along the same lines had long been recognized, but for important reasons could not easily be brought about. When the Hospital had but few surgical patients there were two able surgeons, each with an assistant, dividing the work between them.

**Changes in  
organization of  
professional  
work**

When the work increased to larger proportions there were many who believed that a divided service, with a larger number of men, would add to the strength of the institution. Accordingly, the services were divided and several of the ex-internes, who had already won distinction in their profession, were added to the staff of the Hospital. This, together with the resignation of Dr. Lewis S. Pilcher, who established his own private hospital; and the death of Dr. George R. Fowler, made necessary many readjustments. The desire of the management to honor as many as possible of the representative ex-internes, led it too far, and a larger number of men were added to the staff than necessary, and more than was well, from the standpoint of organization. This was soon discovered, and as soon as possible retrenchment was begun. When for

any reason a surgeon withdrew from the service his place was not filled. Finally a wide study of the field led to the conviction that the adult surgical service should be organized as nearly as possible on the lines of the medical and obstetrical services. Because of the high rank of our Attending Surgeons this ideal organization could not be fully realized. Accordingly, two surgical services instead of one were created, each with a Senior Surgeon, in charge, and each Senior having in the service with him one Attending and two Assistants.

Thus the three major services are organized as nearly as possible in the same way. All the other services in the Hospital are also continuous services, and, with one exception, have been for years.

**Joint  
Committee**

In order, also, that there might be the closest cooperation between the professional and administrative work of the Hospital, there is held each month a joint meeting of the four Senior Physicians and Surgeons who are the Conference Committee of the Medical Board, and the Executive Committee, when all matters of interest to the Hospital are considered.

**The Training  
School**

The Training School, of necessity, holds a high place of responsibility in the work of the Hospital. Poor nursing would make impossible the best medical and surgical results. With these facts in mind, we are justly proud of our School. We have one hundred pupil nurses. Our Supervisor, Miss Grace B. Hinckley, has proven herself most competent and efficient during her three years of supervision, and in every way possible has cooperated with the Superintendent in trying to realize the highest ideals for the Hospital. She has been ably assisted by thoroughly competent graduates in charge of the various buildings and departments.

During the past year we have learned of the death of two of our Graduate Nurses, Miss Augusta A. Reed, and Mrs. Adelaide Prentis, both of the Class of 1894; which reminds us of what we consider a remarkable fact, that in the history of the Hospital but one nurse has died while a pupil in the School.

The commencement exercises took place in March. The Baccalaureate Sermon was preached in the Hospital Chapel on Sunday afternoon, February 28, by Rev. Victor G. Mills. The Graduating Exercises proper took place Thursday evening, March 4, in Greenwood Baptist Church. The President, Rev. J. M. Buckley, D.D., LL. D., presided. Addresses were delivered by Rev. H. H. Beattys, D.D., and Russell S. Fowler, M.D. On Friday evening, March 5,

the Board of Managers gave the annual Reception to the graduating class and their friends.

The year has been marked by certain changes in the Board of Managers of the Hospital, which should be recorded here. Three Managers, who had many beautiful characteristics in common, passed to their eternal reward since our last report: Rev. S. O. Benton, D.D., John M. Bulwinkle, and John F. Dettmar. When we say they were men of the broadest sympathy, transparent, sincere, and self-denyingly faithful to all interests committed to their care, every one who knew them will gladly acknowledge that we are well within the bounds of truth.

**Changes in  
the Board  
of Managers**

These and other vacancies have been filled by the appointment of the following gentlemen: Welding Ring, Henry A. Ingraham, Walter H. McGee, J. W. Van Zelm, Mortimer C. Hewlett, J. W. Lantry, David G. Downey, Irving S. Haynes.

In the Medical Board, also, there have been changes. Early in the year Charles E. Lack, M.D., Assistant Surgeon to the Children's Surgical Service, died after a brief illness. He was highly respected for his fine personal qualities and his ability as a surgeon.

**Changes in  
the Medical  
Board**

Late in the year a very wide circle of friends were deeply saddened by the decease of J. E. Sheppard, M.D., Consulting Aurist. In his profession he stood in the front rank. His great ability was a constant benediction to the poor as well as the wealthy.

In connection with the reorganization of the Adult Surgical Service of the Hospital, J. Bion Bogart, M.D., who had been identified with the Hospital from the beginning as Assistant Surgeon, and later as Attending Surgeon; and William Francis Campbell, M.D., as ex-interne of the Hospital, and later an Attending Surgeon to the Hospital, were appointed Consultant Surgeons. Suitable resolutions, expressing the appreciation for the services which they had rendered to the Hospital for so many years, were passed by the Board of Managers.

**Drs. Bogart  
and Campbell  
Consultants**

Arthur H. Bogart, M. D., and Thomas Bray Spence, M.D., were appointed Senior Surgeons in charge of the two Adult Surgical Services; and associated with them as Attending Surgeons are Charles H. Goodrich, M.D. and Walter A. Sherwood, M.D.

Upon the resignation of Raymond C. Clark, M.D. from the Children's Medical Service, to become Physician-in-Chief to the new Greenpoint Hospital, LeGrand Kerr, M.D., who had divided

the service with him, was placed in charge of the entire service, the service thus becoming continuous.

Frederick C. Holden, M.D., having resigned as Attending Obstetrician to become Chief Obstetrician to the Greenpoint Hospital, Ralph M. Beach, M.D., was elected his successor.

New assistants have been appointed as follows: George W. Beatty, M.D., and Alexander Spingarn, M.D., assistants to Dr. Kerr; Harvey B. Matthews, M.D., to assist Dr. Humpstone; Harry W. Mayes, M.D., to assist Dr. Beach; and Ernest L. Schaefer, M.D., to assist Dr. Fowler.

**Drs. Tilney  
and Stickle—  
Professors**

Among the honors which have come to our men during the past year none was more marked or more deserved than that which came to Frederick Tilney, M.D., when he was elected Professor of Neurology in Columbia University.

A similar honor came to Charles W. Stickle, M.D., who has been elected Professor of Otology in the Long Island College Hospital, to succeed Dr. Sheppard, deceased.

**Dr. George  
Ryerson  
Fowler  
Honored**

The Board of Managers has recently honored the name of the late Dr. George Ryerson Fowler, by placing it in perpetuity, in the list of the Associate Founders of the Hospital, in the language of the by-laws, as a "memorial tribute because of high and extraordinary services to the Hospital."

**Generosity of  
Patrons**

The remarkable success of the Hospital during all its history is to be accounted for, not only by the excellent work of its professional and nursing staffs, but also by the generosity and devotion of our Conferences, Ministers, and other Patrons.

Whatever the modern Methodist may think of the class meeting the Methodist Episcopal Hospital has great confidence in at least one class which is conducted in the Methodist Episcopal Church of Morristown, N. J., by Mrs. Anna Pruden, who has been its leader for forty years (and for fifty-five years a Sunday school teacher), and sends to the Hospital on each anniversary occasion a gift of at least \$100.

**Florence  
Nightingale  
Societies**

Among our list of annual contributors are the names of those who have contributed to the support of the Hospital from its opening until now. A chief place among our helpers must be assigned to the Florence Nightingale Societies of a few of our churches. They have rendered a most beautiful service, and have never been more enthusiastic than during the past year.

The Janes Florence Nightingale Society pledged \$1,000 to pay

for the erection of a room in the Nurses' Home; so also did the Saint John's, Hanson Place, the George I. Seney, and the Sumner Avenue Societies; and these pledges are being paid promptly. Members of three of these societies also screened the two balconies of the Western Pavilion at a cost of \$235.28.

Two of these organizations have recently celebrated their twenty-fifth anniversary, and at my request, each has furnished a brief statement of the work of their organization during that period, which will be found elsewhere in this report.

Pulpits everywhere were open to the Superintendent; and also to the Rev. Otto Brand, Field Secretary, who has preached or delivered addresses in numerous churches, and everywhere has been well received. In another place the list of churches thus addressed will be found. As a result of this work, contributions large and small have come to the Hospital. Frequently annuity gifts are made, or wills are drawn in the interest of the institution.

Rev. Otto  
Brand

But representing the Hospital among the churches is only a small part of Mr. Brand's work. As an excellent accountant he keeps the endowment books of the Hospital. He assists the Superintendent in the Wednesday evening midweek service and the monthly Sunday morning communion, and arranges for the Sunday afternoon services in the wards. Besides these duties every day he is personally in contact with the sick, or their friends, to help them in all possible ways. The Wednesday evening midweek service and the monthly Sunday morning communion service are held in the Hospital Chapel at which time and on the various feast days of the Church, the beautiful strains of the sweet toned Hutchinson Memorial organ are heard throughout the administration building. For seven years my daughter, Miss Olivia May Kavanagh, has been the chapel organist, rendering this service as a labor of love.

The following legacies have been received since our last annual report: Legacies

Estate	Irving H. Pearson	\$150.00
"	Fanny J. Connolly	3,314.67
"	Martha Oakley	500.00
"	William R. Wood	1,940.00
"	Jesse Knight	500.00
"	Clementina Mayer	178.07
"	Lucy J. Smith	2,400.00
"	H. Lavinia Lewis	100.00
"	Frank D. Cook	942.18
"	George Clinton Batcheller	5,000.00
"	George W. Collord	10,000.00

In addition, the Hospital has been notified of wills in process of settlement which will represent a sufficient amount to make our invested funds at least \$1,000,000.

Annuity gifts have been made as follows:

Mrs. Mary Start Bates.....	\$3,000.00
“ Sarah C. Shepard.....	3,000.00
“ Helen Maria Boyden.....	500.00
“ S. A. Hulbert.....	125.00
Miss Sophy Morison.....	1,000.00
In memory of Mrs. A. S. Kavanagh.....	5,000.00

In this connection I must record the name and decease of Miss Mary Mootry, a very old friend of the Superintendent. At the time of her death she was a member of the Nostrand Avenue Church. Soon after entering upon the duties of my present office, she sent word to me by Rev. Arthur H. Byrt, D.D., then Superintendent of the Brooklyn Church Society, that she had \$1,000 in her possession for me if I would call and receive it. Here I may be permitted to say that the call was made without any unnecessary delay. Her check was received, also a promise of additional gifts later. Her pastor, Rev. A. F. Campbell, D.D., whom she regarded most highly, has recently informed me that in her will she has left \$1,000 to the Hospital, and also made it one of the residuary legatees. This means several thousand dollars.

The Hospital frequently receives large gifts, but often the amounts are small; nevertheless, in the aggregate these small gifts make a substantial sum annually. Ministers and churches should keep this Good Samaritan cause in mind, and when they have the opportunity, without prejudice to any other worthy interest, direct the attention of those about to make their wills to this institution.

It is only fitting that we should here record our appreciation of the assistance annually rendered us by the Hospital Saturday and Sunday Association of Brooklyn, and its President, Mr. William G. Low, who has held that important office for thirty-five years. The association's annual check always arrives most opportunely.

The churches of the neighborhood bring joy to the hearts of our patients by the Sunday afternoon services in the various buildings. Last year the following churches cooperated in this work: Greenwood Baptist, New York Avenue Methodist Episcopal, Grace Methodist Episcopal, First Reformed, Hanson Place Methodist, Prospect Heights Presbyterian Sunday School children. On Christmas Eve a chorus of young people from the Park Slope Congrega-

tional Church, and on Christmas morning the full choir of All Saints' Protestant Episcopal Church, sang in the wards. Mrs. A. E. Gurnee, of Sixth Avenue Methodist Church, for several years has had charge of a song and prayer service in the wards on Friday evenings, also visiting and distributing tracts and Gospels.

We are greatly indebted to Mr. Fred Ketcham, and the young people of the neighboring churches, for a most delightful Christmas program provided for nurses and patients in the assembly hall of the Nurses' Home. Also for his interest in providing automobile rides for our sick children. Also to the proprietors and editors of the following papers which visit us every week or every day: The New York Christian Advocate, The Pittsburgh Christian Advocate, The Northern Christian Advocate, The Northwestern Christian Advocate, The Epworth Herald, Zion's Herald, The American Messenger, the Western Christian Advocate, The Methodist Times, Methodist Advocate-Journal, and the Brooklyn Daily Eagle.

As this report goes to press we have learned of the death of Mrs. Mary Hitchcock, who since the Hospital was opened has rendered a most efficient service by sewing for the various departments. For several years she made most of the gowns used in the operating room; in the early days of the Hospital she gave awnings for the windows of the wards and sewing machines for the linen room; and although in feeble health for some years, has done a large amount of sewing for the Hospital in her own home.

As one reviews the history of the Hospital he will discover that there have been certain notable days in its history:

First, January 27, 1881.—Dr. Buckley's appeal, which brought about the founding of the Hospital, was published in The Christian Advocate.

Second, February 1, 1881.—Mr. George I. Seney's response by a pledge of \$100,000, which grew to \$410,000.

Third, May 27, 1881.—The Hospital incorporated.

Fourth, December 15, 1887.—The Hospital opened to receive patients.

Fifth, December 15, 1902.—The Crystal Anniversary, when Mr. and Mrs. Halls, Jr., offered to give \$125,000 for the completion of the unfinished buildings, provided the friends of the institution should raise \$500,000 to pay certain debts and to increase the endowment fund.

Sixth, November 29, 1906.—Thanksgiving Day, when a cable-

gram was received from Mr. and Mrs. Wm. Halls, Jr., then in Europe, adding \$50,000 to their previous gifts for, as the work had progressed, it was found that the first offer was sufficient only to pay for the completion of the Administration Building. This gift has always given the Superintendent particular satisfaction because the letter which followed the cablegram stated: "Because of their great interest in the Hospital, as well as indicating their appreciation of the Superintendent's labors in securing so large a proportion of the sum asked for." We might as well confess that we have never been proof against sincere expressions of appreciation.

Seventh, December 4, 1906.—Dedication of the Administration Building in the presence of a great throng, when in recognition of the generosity which had made it possible to finish these great buildings, the central building was named the "Halls Administration Building." This was done while Mr. and Mrs. Halls were still in Europe and without their knowledge.

Eighth, March 31, 1907.—Unveiling of a tablet (found on another page), in memory of Dr. George Ryerson Fowler, the distinguished and beloved surgeon, the gift of the ex-internes of the Hospital.

Ninth, December 5, 1907.—The unveiling of two tablets, one in memory of George I. Seney, the Founder, whose gifts made possible this the first Methodist Episcopal General Hospital in the world; and the other in honor of Mr. and Mrs. Wm. Halls, Jr., who have been well called the "Re-Founders"; for they rescued this plant from deterioration, and by their inspiring gifts brought hundreds of thousands of dollars into the treasury, and thus established for all time a great Hospital.

Tenth, September 24, 1908.—A Reception which was tendered to our benefactors upon the completion of the Eastern Pavilion, when Mr. Halls discovering that their two previous gifts were not sufficient to fully meet the cost of finishing this building, added \$14,000 more; making in all \$189,000, by which they covered the entire expense of bringing both buildings to completion.

Eleventh, February 22, 1910.—Opening of the reconstructed Western Pavilion, which, with other work done at the same time, cost \$100,000.

Twelfth, February 26, 1912.—A largely attended testimonial luncheon to Dr. J. M. Buckley, President of the Hospital since

its incorporation; and the presentation to the Hospital of a bronze bust of the Doctor, made by Mr. Gutzon Borglum.

Thirteenth, October 20, 1913.—Opening of the Barnier Solarium, the gift of Mrs. E. Barnier Shaw, with a dinner tendered to Mr. and Mrs. E. E. Shaw; and the dedication of the Solarium by Bishop Luther B. Wilson, assisted by Bishop William Burt and Bishop John W. Hamilton.

Fourteenth, December 11, 1914.—Ground broken for the erection of the Nurses' Home.

Fifteenth, April 17, 1915.—Laying of the corner stone of Nurses' Home.

Sixteenth, September 30, 1915.—Dedication of the Nurses' Home by Bishop Luther B. Wilson and the President, Dr. J. M. Buckley.

These are the outstanding facts, although events of great importance in the development of our work have occurred more than once almost every year.

As I leave office and pass its responsibility over to my successor, I shall do so with every department well organized and well officered.

I wish feelingly and sincerely to note here the services which are being most efficiently rendered by the employees of the Hospital, and especially by the heads of departments. Other things being equal, the long-term employee renders the most valuable service. Many of them have won the right to the distinction of "long-termed employees." Here are a few to whom I am under special obligation, together with their years of service, not of necessity in their present position, but as employees of the Hospital. I would particularly refer to Walter T. Pilgrim, Assistant to the Superintendent, six years; Miss Grace B. Hinckley, Supervisor, three years; Miss M. E. Risdon, Secretary, seven years; Avery R. Reed, Pharmacist, twenty-four years; Gus Stenberg, Engineer, fourteen years; Miss Sarah A. Stoney, Directress of Operating Room, five years; Mrs. Alice Swanson, Housekeeper, nineteen years. Others that should receive special mention here are as follows:

John Lowrey, Store-keeper . . . . .	Nineteen years
Miss May Swanson, Linen room . . . . .	Fifteen years
Mary Eagan, Laundress . . . . .	Fourteen years
Harry Way, Orderly . . . . .	Fourteen years

Mrs. Ella L. Williams, Registrar . . . . .	Two years
Nicholas Schilski, Orderly . . . . .	Two years

There is one man I should have liked to include in the above list, Mr. John Laity, who for sixteen years rendered faithful services to the Hospital as Night Clerk and Watchman. After an illness of but a few days Mr. Laity passed away on June 25, 1915.

In this paragraph I do, with the utmost sincerity, express my deep sense of obligation to the Board of Managers of the Hospital for their constant support during the fourteen years of my superintendency, and their thought and plans for the comfort of myself and family.

In this expression of appreciation I cannot mention names, for it would be necessary to print the entire list of names from the President of the Board, who has endeared himself to me in a hundred ways, down to the most recent members of the Board. Nevertheless, all the Managers of the Hospital will consider it highly appropriate that I should mention two men who, as members of the Executive Committee, and of the Training School Committee from the beginning, have rendered most conspicuous service; and as personal friends and advisors of the Superintendent, shall ever retain my warmest affection, Dr. A. Ross Matheson and Dr. W. H. B. Pratt.

I wish, also, to introduce here to the constituency of the Hospital my successor, Rev. James E. Holmes, D.D., for several years pastor

of some of our most representative churches, for five years Superintendent of the Brooklyn Church Society; for four years of this time a member of the Book Committee, one of the most important committees in the Methodist Episcopal Church.

By acquaintance with the churches, and by executive experience, he has a training which will be of great value as he undertakes to master the new problems which shall confront him.

In closing this last report it gives me pleasure to state that my interest in the welfare of the Hospital will not cease with my resignation, for one of the conditions imposed upon me by the Board of Managers in accepting the same was that I should become a Manager of the Hospital, a responsibility which I was pleased to accept.

Respectfully submitted,

A. S. KAVANAGH, *Superintendent.*

Resolutions adopted, and ordered printed in the Annual Report, by the Board of Managers in connection with the resignation of the Superintendent.

The Rev. Abram S. Kavanagh, D.D., having served the Methodist Episcopal Hospital as Superintendent and Chaplain for a period of fourteen consecutive years, has notified us of his definite purpose to retire from this work at the end of his present Conference year.

This proposed action on his part, a proposal which he insists must be regarded as final, calls for much more than a passing notice. The period of Dr. Kavanagh's official oversight of the Hospital is one which has been characterized by greatly increased resources, signal and far-reaching improvements, enhanced efficiency of organization and service, and ever-widening recognition in the hospital world of the high character, rank and usefulness of the institution.

During this administration the number of beds has been increased from 75 to 250. The financial situation has been so reinforced that now for several years the monthly bills have all been promptly paid from income. The day of borrowing to meet current expenses has long since passed. The invested and interest-bearing funds have more than doubled, having now reached the sum of \$928,868.87.\* The original buildings have not only all been completed and fully equipped, but required and large additions have been made, altogether at an expenditure of not less than \$300,000. A new and much needed home for nurses is now in process of completion, and will soon be ready for occupancy. The Training School for Nurses, from its early history a most important adjunct of the institution, has been more than doubled in numbers, and is working not only under greatly bettered conveniences, but with much improved methods. During the same period, by diligent, skilled, and unremitting efforts and methods instituted and employed by our Superintendent, a widening and helpful public recognition and interest have been attracted to the Hospital.

It is not easy to measure or to predict the value to the institution of the harvest which may continuously result from the seed-sowing of these fourteen years. Much has already been received from wills executed, and indefinite bequests are likely to be realized in the future from those who in a final provision from their estates have remembered the Hospital. It is safe to say that the institution now has a wider recognition, has more friends, and the prophecy of its future is brighter to-day than ever before.

It is not required to be said that Dr. Kavanagh has been the sole agent through which all these valuable advances have been secured. But it is emphatically due to say that they have been largely secured through his sane discernment of needs, his vigorous initiative, and his wide and unremitting activities. Great institutions do not grow up under the guidance of mere academic wisdom. They usually represent virile and red-blooded leadership, a leadership that moves to its tasks in fatigue uniform, and which, braving all obstacles, is willing to pay the full costs of success.

The kind of success achieved under such leadership merits a full meed of recognition. It certainly can be counted nothing else than a loss when one wise, devoted to his duties, and with a history of uniform success, decides to retire from the headship of an institution.

We, as a Committee, authorized and empowered to deal with this situation, can do no less than to put frankly on record our high appreciation of the faithful, exceptional and most useful administrative

career of Dr. A. S. Kavanagh, as Superintendent and Chaplain of the Methodist Episcopal Hospital. In contemplating his prospective retirement, we record our just appreciation of, and satisfaction in, his achieved history of service and success. His service to the institution has been made doubly valuable not only on account of the trained ability which he originally brought to this work, but much because of his acquired familiarity from long experience with all the details of administration. We are gravely impressed that the severance of his relation to the institution can only emphasize both the delicacy and the difficulty of our task in choosing for him a worthy successor.

It is our sincere wish that Dr. Kavanagh, in the blessings of health, may be permitted to enter upon work which shall prove congenial to his tastes, which shall furnish ample scope for his matured powers, and that there may still await him many years of effective usefulness and personal happiness. We assure him that wherever he goes, he will carry with him our lasting esteem, and he will always find a warm welcome in our collective and personal fellowship.

## THE NURSES' HOME

The outstanding event of the year has been the erection and dedication of the Nurses' Home. Ground was broken December 11, 1915, when Dr. A. Ross Matheson, Chairman of the Training School Committee since the School was organized, and who has devoted continuous thought and energy to its interests, as he has to all other Hospital departments, turned the first sod. The corner stone was laid April 17, 1915, by Bishop Luther B. Wilson, D.D., LL.D., Resident Bishop of New York, assisted by Bishop William Burt, Resident Bishop of Buffalo, and the President, Rev. James M. Buckley, D.D., LL.D. Addresses were delivered by these gentlemen and also by Borough President Hon. Lewis H. Pounds, Dr. A. Ross Matheson, Rev. J. M. Farrar, D.D., and the Superintendent.

The dedication of the Home occurred Thursday evening, September 30, 1915. The President, Dr. J. M. Buckley, presided. Prayer was offered by Rev. J. E. Holmes, D.D., Superintendent of the Brooklyn Church Society. Addresses were made by A. Ross Matheson, M.D., in presenting to the President the key of the new building; Miss Charlotte A. Aikens, Editor of the "Trained Nurse"; Miss Grace B. Hinckley, Supervisor of Nurses; Dr. James R. Joy, Editor of "The Christian Advocate"; Rev. D. G. Downey, D.D., Mr. William Halls, Jr., and the Superintendent. Bass solos were rendered by Mr. Donald Chalmers. The dedicatory service proper was conducted by Bishop Wilson.

There was a gathering which far exceeded the capacity of the spacious Reception Hall. At the close of the services the guests inspected the Home, visiting also the roof for the splendid view of the city.

The Home is a large building with a frontage of 86 feet, and a depth of 161 feet, built of Philadelphia pressed brick, with a brown stone trim, in keeping with the other buildings of the Hospital. It is five stories high, with a two-ward infirmary for sick nurses, and a garden on the roof.

The Main Entrance is on Sixth Street, and leads to the ground floor, from which stairs and elevator will lead to the Assembly Hall on the floor above, and to all the floors. It will accommodate 136 nurses. There are 110 graduate and pupil nurses in the School at present.

The work was done under the direction of a building committee composed of A. Ross Matheson, M.D., chairman; A. S. Kavanagh, secretary; and Messrs. Quick, Bulwinkle, Pierson, Sloan, Fox, and Teale.

The architect was Frank J. Helmle. The general contractor was the Kennedy Construction Company.

The cost of the building, furnishings, laundry machinery, etc., was \$181,332.33.

Already steps have been taken to liquidate this debt. Five Florence Nightingale Societies have pledged \$1,000 each; \$1,000 being approximately the cost of a nurses' room. About one half of this is already paid in.

Mr. E. A. Walker presented his check for \$1,000, as did also Mr. R. W. Rhoades, who paid for a room in memory of Rev. S. O. Benton, D.D.; and Mr. Abraham DuBois, who paid for a room in memory of his wife. Inscriptions on the various doors will give the name of the donor; and if it is a memorial, the name of the one remembered.

These gifts, with moneys from other sources, have enabled us to pay \$24,738.31 toward the cost of the Home, leaving a debt of \$156,594.02. Toward this we have two pledges of \$10,000 each, and two for \$1,000 each; thus beginning a campaign which will doubtless before long give us the building free from all obligations.

## ADDRESSES AND SERMONS BY THE SUPERINTENDENT AND THE FIELD SECRETARY, 1915

During the past year the Superintendent has preached or delivered sermons or made addresses in the following churches:

Eighteenth Street, Fleet Street, Fourth Avenue, Williams Avenue, Knickerbocker Avenue (2), Vanderveer Park, Wesley, all in Brooklyn. Hedding, Willis Avenue, in New York. Jamesport (Camp Meeting), N. Y.; Valley Stream, N. Y.; Greenpoint, N. Y.; West Side Avenue, Jersey City, N. J.; Richmond Hill (Trinity), N. Y.; Center Moriches, N. Y.; Port Jefferson, N. Y.; Port Washington, N. Y.; Bridgehampton, N. Y. (Men's Brotherhood).

### CHURCHES VISITED BY THE FIELD SECRETARY, 1915

NEW YORK CONFERENCE.—Fremont Center, N. Y.; North Branch, N. Y.; Callicoon, N. Y.; West Thirty-fifth Street, New York, N. Y.; Rock Valley, N. Y.; Pea Brook, N. Y.; Long Eddy, N. Y.; Monticello, N. Y.; Strongtown, N. Y.; Liberty, N. Y.; Margaretville, N. Y.; Dunraven, N. Y.; Arkville, N. Y.; Palenville, N. Y.; High Falls, N. Y.

NEW YORK EAST CONFERENCE.—Lawrence, N. Y.; West Hampton Beach, N. Y.; Center Moriches, N. Y.; Embury Memorial, Brooklyn, N. Y.; First and Saint Paul's, Waterbury, Conn.; Kensington, Conn.; Warren Street, Brooklyn, N. Y.; First, Astoria, N. Y.; Newfield, Bridgeport, Conn.; Quogue, N. Y.; South Britain, Southbury and Watertown, Conn.; Janes, Brooklyn, N. Y. (Florence Nightingale Society); Cornell Memorial, New York, N. Y.; Trinity, New Britain, Conn.; Clinton, Conn.; Andrews, Brooklyn, N. Y.; Goodsell, Brooklyn, N. Y.

NEWARK CONFERENCE.—Saint James and Epworth, Elizabeth, N. J.

In addition to the thirty-seven aforementioned appointments, sermons and evangelistic addresses were delivered at the following places:

In Brooklyn, Ocean Parkway (6); Prospect Avenue (3); Union (2); Eighteenth Street; Goodsell; Greenwood Baptist; Methodist Episcopal Church Home (2); Fleet Street; Vanderveer Park (3); Sixth Avenue (5); Simpson (2); De Kalb Avenue (2); New York

Avenue; Grace (2); Floral Park, N. Y. (3); Lawrence, N. Y.; Lookout, Pa.; Stalker, Pa.; Braman, Pa.; Elmhurst, N. Y.; Port Washington, N. Y. (2); West Thirty-fifth Street, New York, N. Y.; East Avenue, Norwalk, Conn.; Saugatuck, Conn.; Saint John's, New Rochelle, N. Y.; Centenary, New York, N. Y.; Northport, N. Y. (Epworth League Group Rally, Wading River District).

The New York, Newark, Northern New York, Wyoming, and New York East Conferences were also visited and addressed in the order named. Besides this total of 100 sermons and addresses, a number of children and adults were baptized, seventeen funerals were conducted, and in three churches of the Lookout Charge, New York Conference, it was the Field Secretary's privilege to extend the right hand of fellowship to about two score souls, the fruitage of a recent revival. In many of the churches the services of the Ladies' Aid and other women's organizations have been reenlisted, with the welcome consequence that an unusually large quantity of sheets, pillow-cases, etc., have been received by the Hospital. To the New Britain church belongs the credit of having responded with a collection of more than \$180, the largest among the churches officially visited.

## REPORT OF SOCIAL SERVICE DEPARTMENT

MISS NETTIE B. BRADY

Advisory and professional calls, 264; churches, missions, and deaconesses assisted, 28; patients helped to employment, 25; convalescents sent to country, 25; boys to summer home (through "Christian Herald") 2; auto outings for children, 4; Dispensary cases investigated, 14; cases referred to other institutions, 36; special medical instruction in homes (local milk station cooperating) 5; young women and children placed in homes, 10; babies boarded in families, 3; rooms for graduate nurses secured, 10; garments distributed, 132; babies placed for adoption, 1; cash expenditure, \$11.19.

A few typical cases are cited as follows:

1. Father deserted sick mother and baby; the latter were treated and baby placed for adoption in refined home.
2. Young ambitious country girl given employment with chance to improve.
3. Widowed sick mother sent to country, her two children placed in a home, and employment later secured for mother.
4. Father out of work, an uncle crippled and helpless, a brother incurably ill, all supported by small wages of working girl. Her health breaks under strain. Treated at dispensary and sent for two weeks to the country. Uncle admitted to Hospital. Brother treated at dispensary. Firm interviewed to secure reinstatement of father. Sick girl restored to health and home saved.

Thanks are due to the Burke Foundation for care of our convalescents, to the local Milk Station, and to many others who have cooperated. A great work for the future is developing.

## SILVER ANNIVERSARY REPORT OF SUMNER AVENUE FLORENCE NIGHTINGALE SOCIETY

The twenty-fifth anniversary of the Florence Nightingale Association of the Sumner Avenue Methodist Episcopal Church was celebrated March 18, 1915, at the home of its president, Mrs. John H. Berresford, 197 Van Buren Street. The entertainment consisted of musical numbers by a stringed orchestra, and a bountiful repast furnished by the host and hostess. The occasion was a very joyous one and will long be remembered. The members presented a beautiful pin to the president, a gold "friendship" circle of pearls and amethysts, from Tiffany's. Each member received a souvenir consisting of a sterling silver pin, in the form of a Nightingale.

Twenty-five years ago, March 18, 1890, the Association was organized by the Rev. C. C. Lasby, at one time pastor of the Sumner Avenue Methodist Episcopal Church. Mrs. Berresford has been president since it was organized, and by her capability and efficiency has made it the strong organization it has become. The enrollment, at first, was 46 members, eleven of whom are active members to-day. At present the membership is 175. In retrospect the work accomplished has been of much benefit to the Hospital. Every year a donation of \$150 is given. Some years ago the church pledged \$3,000 toward the endowment of a crib in the Children's Ward, but on account of exigencies that arose, failed to fulfill the entire pledge. Then the Florence Nightingale Association provided the deficit. Also the first X-ray machine, costing between three and four hundred dollars, was given. A few years later a less cumbersome and the best X-ray machine obtainable at the expenditure of \$700 was furnished. Through the kindness of a friend of the organization, the electrical equipment of the operating room, costing \$300, was given.

At present the organization has pledged \$1,000 toward building a room in the Nurses' Home. During the past summer, through the generosity of our president, who paid \$71 toward screening the balconies for convalescents, many were made comfortable. Each year since its organization 100 or more glasses of jelly and canned

fruit have been donated, with great quantities of *magazines, etc.* Also a vast amount of garments and bed linen made by *the members* for the Hospital aggregating over \$1,000 in value. Total amount contributed by the society to the Hospital, about \$8,500. All these gifts have been made possible by the earnest cooperation of the members, with the divine blessing of the One who wore the "seamless dress" from which the healing virtue went forth.

Respectfully submitted,

MARGARET R. ZWEIFEL, Corresponding Secretary.

## SILVER ANNIVERSARY REPORT OF SAINT JOHN'S FLORENCE NIGHTINGALE SOCIETY

Saint John's "Florence Nightingale" Society originated in Mrs. M. B. Clark's Bible Class, consisting of the Misses Amelia and Grace Martin, Lina Creek, Mabel Quimby, Mattie Dusenbury, Ada MacGerald, Bertha Richards, and Sadie Weeks. These, with Mrs. Clark, Mrs. Powers, Mrs. Voorhees, and Mrs. North, met at 147 Keap Street, on May 1, 1890, and organized for Hospital work. At that time, Rev. W. V. Kelley, D.D., was pastor of Saint John's, and Mr. Ezra B. Tuttle, the financial helper.

The officers were: Mrs. M. B. Clark, President; Mrs. L. R. Voorhees, first vice-president; Mrs. S. Powers, second vice-president; Miss Amelia I. Martin, treasurer; Miss Mattie Dusenbury, recording secretary; Mrs. N. L. North, Jr., corresponding secretary.

The society sent boxes of garments, reading matter, delicacies, a quilt, a pair of crutches, and an invalid chair; also held a yearly fair, and were successful in endowing a bed, by the payment of \$5,000, in *six years*, an unprecedented success. Later, gave \$50 toward putting plate-glass doors in the Administration Building, and contributed toward defraying the current expenses of the Hospital.

In 1900 the society was reorganized, with Mrs. J. F. Dettmar, president; Mrs. E. A. Wheeler, first vice-president; Mrs. Charles J. Fox, second vice-president; Miss Kate R. Garner, treasurer; Miss Fanny Miller, recording secretary; Miss C. T. Crawford, corresponding secretary.

From 1899, through 1906, a Child's Crib was endowed by the payment of \$3,000. From 1907, through 1913, the endowment of "Dr. E. A. Wheeler Memorial Bed" was completed, by the payment of \$1,875. In 1902, \$75 were given the Hospital for General Use. In 1907, \$200 were donated to help furnish a room for patients' use in a new Ward. In 1913, a donation of \$175 was given to purchase wheel chairs for convalescent patients. During the years sheets, pillow-cases, towels, women's nightdresses, and tray-cloths were contributed.

Of recent years \$10 has been given annually to the Children's Ward for Thanksgiving, and the same amount at Christmas. At Easter a box of oranges is sent to the convalescents.

A large number of small pillow-cases, for "comfort pillows,"

was given last year; and this year, 101 children's bibs were made and donated by the "Mercy and Help Department" of the Epworth League and the Florence Nightingale Society jointly. Mrs. Sniffen generously provided a piece of muslin for the "comfort pillow-cases," and one piece of linen for the children's bibs.

The following are among the activities by which money has been raised for Hospital work.

In 1898, a Musicale, cleared . . . . .	\$185.50
" 1900, a Measuring Party, cleared . . . . .	63.79
" 1901, Booklets, cleared . . . . .	100.00
" 1901, Picture Play, "Miss Jerry" . . . . .	153.50
" 1902, an Album Quilt . . . . .	100.95
" 1902, "Sock and Stocking" Social . . . . .	114.71
" 1902, Dr. D. G. Downey's Lecture . . . . .	201.00
" 1903, Jubilee Singers' Concert . . . . .	216.20
" 1904, Birthday Party . . . . .	93.50
" 1905, Parlor Entertainment and Sale . . . . .	80.00
" 1905, Evening of Reading and Song, by Mr. and Mrs. Henry Allan Price . . . . .	175.65
" 1906, Jubilee Singers . . . . .	230.25
" 1907, Parlor Entertainment at Mrs. Saulpaugh's . . . . .	100.00

The present officers are Mrs. J. F. Dettmar, president; Mrs. J. F. Meredith, first vice-president; Mrs. John Stumpf, second vice-president; Miss Hattie M. Shook, treasurer; Miss Lillian M. Shook, corresponding secretary; Miss Emma Pye, recording secretary.

Among others who have served faithfully as vice-president are Mrs. James Saulpaugh and Mrs. J. G. Pfeiffer; as treasurer, Miss Ida E. Gedney; as secretaries, Misses Emma and Maggie Freure.

In 1914 the Society promised to build a room in the new Nurses' Home by giving \$1,000 in three annual payments. The first payment of \$350 was made July 25, 1914; and we are confidently expecting to give a similar amount in July, 1915.

Numerous patients—men, women, and children—during the past twenty-five years have received free treatment in Saint John's Florence Nightingale beds and have been benefited, and in many cases, cured, going out to sound abroad the praise of the Methodist Episcopal Hospital.

Many of the faithful workers in our Society have been translated. May we not have some new recruits to swell our ranks and take up the work for the sick and suffering? It is said of our blessed Master, "He went about doing good." Then, "Let us not be weary in well doing"; but work diligently while we have opportunity, looking to the Great Physician to bless our efforts abundantly.

MISS EMMA PYE, Secretary.

*"Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto Me."*

## VERY DESIRABLE GIFTS

### OUTFIT FOR ONE BED

Four pillow cases, 36 by 45 inches.  
Eight sheets, 63 by 96 inches.  
Two pairs of blankets, 10 quarter (cotton and wool).  
Two counterpanes, 76 by 94 inches.  
Two hand towels.  
Two table napkins.  
Two undervests for men and women.  
Two night garments for men and women.  
Tray cloths, 18 by 24 inches.

The question is frequently asked: What gifts aside from money are most acceptable to the hospital? Among the most practical gifts are furnishings for beds in wards and rooms.

When it is remembered that three fourths of the hospital work is surgical, it will be seen at once how exceedingly necessary such articles are.

At the top of this page we give a list of articles which furnish a complete outfit for one bed, and ask the attention of our friends to the same. It is not necessary that one person should furnish all these articles. Perhaps a pair of blankets, a pair of sheets, a counterpane, or a number of napkins would be all that some would feel like giving.

Ladies' Aid or other societies, or where no society exists, a number of ladies banding together might furnish one or more beds in a year.

After an experience of nearly two years with the "long" Wassermann test we are satisfied that none of the short modifications can approach it in delicacy or reliability. We have also for the past year used this test in the diagnosis of gonococcus infections and found it very reliable. We have continued our efforts to make blood-cultures more valuable, with gratifying results, especially in streptococcus infections and the early diagnosis of typhoid. In the coming year we hope to make some studies on the chemistry of the body fluids.

The Training School is a department of the Hospital and, subject to the Board of Managers, is under the direction of a training school committee consisting of A. Ross Matheson, M.D., chairman; W. H. B. Pratt, M.D., secretary; Dr. F. B. Cross, and the Superintendent.

The training school course extends over two years and a half, and prepares the pupils for the State Regents' Examination.

## SCHEDULE FOR THE YEAR

Applicants are admitted to the Training School at intervals throughout the month and grouped in classes of ten. They are then given a preliminary course of three months.

These probationers meet in the classroom daily for demonstrations in the morning and theoretical work in the afternoon. At the close of their first month they are taken, by their instructor, to the wards daily and allowed to put in practice what they have been taught in the classroom.

Finally the whole class is put into our two large wards to do the nursing of those wards, under the supervision of a graduate nurse and with two older nurses, who give the medicines, see that dressings are ready, and take care of the extremely ill patients.

The Dispensary is open every day excepting Sundays and holidays for the treatment of the sick poor.

These patients are, as a class, miserably destitute, and many are ignorant of the simplest sanitary rules.

Here they receive medical and surgical treatment free, and are instructed in the better means of preserving health.

The Dispensary has no endowment and no public funds; therefore, we wish to remind those whose bounty is being constantly and silently poured forth that this work deserves their most generous support.

## **RULES FOR VISITORS TO PATIENTS**

1. The visiting privileges of the Hospital are intended only for the near relatives or close friends of the patient.

2. Visiting in private rooms is not allowed earlier than 11 A. M., nor later than 9 P. M., except by special permit, and but two persons will be admitted to each bedside at one time.

3. Patients in private wards containing five beds or more may be visited daily from 2 to 5 o'clock in the afternoon, and from 7:30 to 8:30 in the evening.

4. Each adult ward patient, upon being admitted, receives a Family Visiting Card, which he or she may place in the hands of any friend from whom a visit may be desired. *Only one visitor allowed daily from 2 to 3 o'clock.*

5. Visits to children in the Children's Ward are strictly limited to parents and guardians who receive the Family Visiting Card, and can be made only on Sunday and Wednesday afternoons from 2 to 3 o'clock. *Only one visitor on these days.* The Family Visiting Card must invariably be presented.

6. A Special Pass will be given to ward visitors Thursday evening admitting visitors from 8 to 8:30 o'clock, if the applicant is a husband, wife, parent, or child, and satisfies the office that, for business reasons, an afternoon visit would be impossible.

7. Each visitor to ward patients upon entering the Hospital must show his or her ticket at the office, and also to Nurse in charge before being admitted to the ward.

8. No one admitted without a ticket.

9. All visitors must confine their visits to their own friends, and leave promptly at the ringing of the bell.

10. Articles of food or drink must not be carried to patients, either private or ward. They must be left for inspection in the office or with the nurse.

11. The holder of the ticket agrees, under penalty of forfeiting it, not to exceed the privileges granted hereby.

12. The Superintendent reserves the right to withdraw any or all of the above privileges if patients permit their friends to violate the above Rules.

### THE HOSPITAL'S ORIGIN

(EXTRACT FROM AN EDITORIAL BY DR. BUCKLEY IN THE  
CHRISTIAN ADVOCATE, JANUARY 27, 1881)

**"The Methodist Episcopal Church is to-day, so far as we can learn, without a hospital, a dispensary, an industrial school, or, except in mission fields, an orphan asylum under her control. We do not believe for one moment that this is the outcome of unfriendly conviction. It is the outcome of preoccupation; but now, is it not time that somewhere we build a hospital?"**

Before the Hospital had taken shape in the mind of an architect, it was a reality in the thoughts and plans and prayers of one man. It was born in an hour of distress and pastoral anxiety. When Dr. James M. Buckley was pastor in Stamford, Conn. (1875-77), his organist met with an accident in New York city which necessitated the amputation of an arm. He lay for an hour upon the sidewalk before an ambulance came, and later died in surroundings which were far from being Christian.

Dr. Buckley at once registered a vow that some day, if possible, he would secure the erection of an institution of healing where Methodists, rich and poor, might be cared for amid surroundings in accord with their pious inclinations and training, and all others as well, regardless of racial and religious differences.

When, in 1880, Dr. Buckley became editor of The Christian Advocate, he lost no time in seeking the fulfillment of his vow. His purpose was strengthened by certain investigations which he, or his representatives, had made among the hospitals in New York city, which disclosed the fact that many Methodist poor were being treated by them as charity patients. Apparently Methodism was not concerned about her suffering sick. These facts gave power and pungency to, perhaps, the most effective editorial that ever appeared in The Christian Advocate—the article reproduced, in part, above.

GEORGE I. SENEY

## PICTORIAL HISTORY

### THE HOSPITAL FOUNDED

Mr. George I. Seney, the Founder of the Methodist Episcopal Hospital, the first general hospital in Methodism, was well known for many years for his large benefactions. In Brooklyn, the Industrial Home and the Historical Society; in Georgia, Emory College, and in Middletown, Wesleyan University—these and similar institutions were the recipients of his bountiful gifts.

In response to the providential and timely appeal of Dr. J. M. Buckley in *The Christian Advocate*, as found on a preceding page, Mr. Seney sought an interview with the former, in which he said:

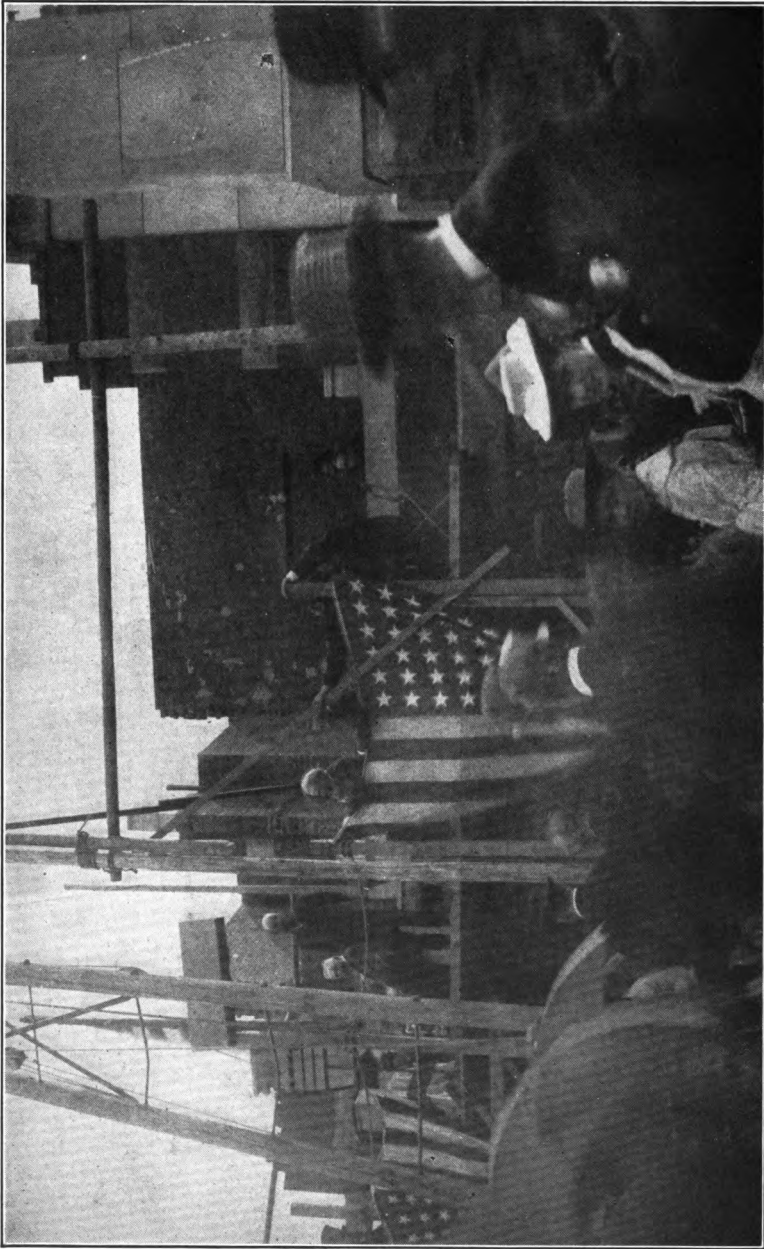

**"I offer you sixteen eligible lots, valued at \$40,000, as a site, and \$100,000 in cash toward the erection of a Methodist Episcopal General Hospital, which shall be open to Jew and Gentile, Protestant and Catholic, heathen and infidel, on the same terms."**

About a month later, on February 24, 1881, Mr. Seney wrote to Dr. Buckley:

**"My dear Sir:—I have read with great interest the two pamphlets you left with me. You may make my subscription \$200,000 instead of \$100,000."**

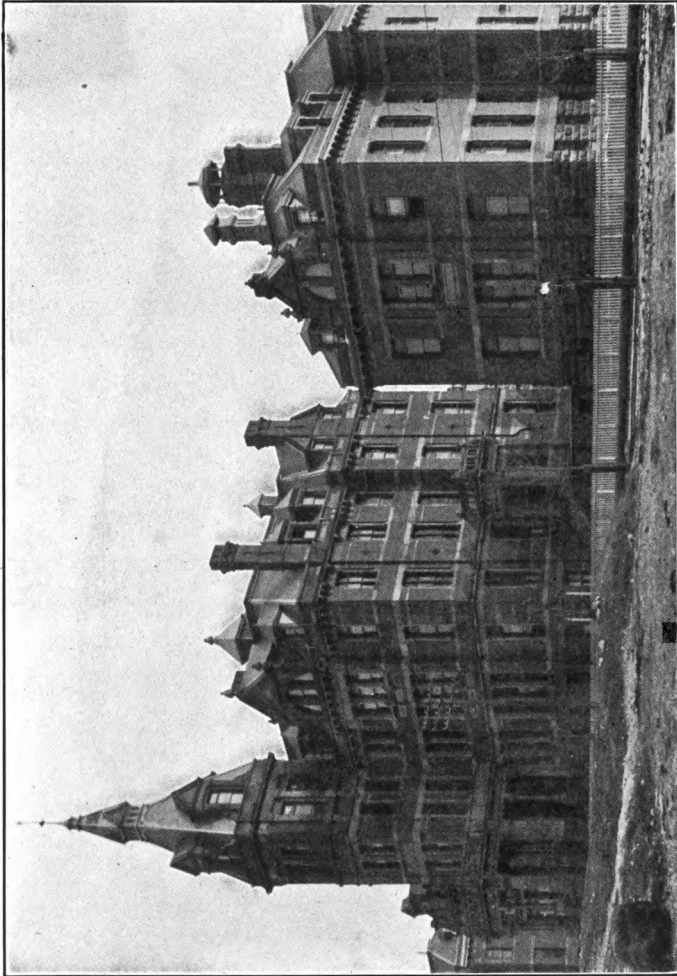

Subsequently Mr. Seney purchased an entire block of land, containing about three and one fifth acres, at a cost of \$70,000, substituting it for the original sixteen lots. Upon this site the Hospital now stands. He continued to increase his financial gifts until they reached a total of \$410,000.

### THE HOSPITAL RE-FOUNDED

After several interviews with Mr. and Mrs. Halls, in the year 1902, the superintendent wrote them a letter embodying his suggestions as to the completion of the unfinished buildings, and received the following reply, dated November 28, 1902:

**"Yours of the 24th is peculiarly on the lines my wife and I have been talking of for some months. . . . We are arranging to be in Brooklyn next Thursday, December 4th, and will be at the Hospital at 10 a. m. to see the plans and talk matters over."**

On that occasion, Mr. Halls, after examining the old plans, said:

**"It is quite clear that when we talk of \$100,000 completing these buildings our figures are too low; it will take at least \$125,000."**

The magnitude of the task was becoming apparent.

On the evening of December 15, 1902, at the Crystal Anniversary of the Hospital, Mr. Halls, in concluding his address on "The Future of the Hospital," said:

**"It may be known by some that my wife and I have thought that we should do something for the Hospital, and I will say that if before the 1st of June, 1903, the Methodist Episcopal Church will pledge itself in good subscriptions to give an amount sufficient to pay the aforesaid remaining debt [previously referred to in the address] and bring the endowment to \$850,000, my wife and I will complete the buildings at an expense not to exceed \$125,000."**

This announcement aroused the greatest enthusiasm. The Christian Advocate reported it as "thrilling."

In 1906, when the Administration Building was nearing completion, it became evident that the entire gift of \$125,000 would be needed for that one building. When this fact was made known to Mr. Halls, who was then traveling abroad, he replied with a cablegram and letter, in part, as follows:

## PICTORIAL HISTORY

"Yours of November 1st was delayed in reaching me, but you have mine of November 7th ere this, so you know how closely our views approach yours. . . . We have relied upon you a great deal in the past, so it will not hurt us to do so a little longer, and I have therefore to propose the following: You may say to the Board of Managers, and later to the public, that Mr. and Mrs. Halls have paid the entire cost of the Administration Building, which has practically consumed the \$125,000 first pledged by them. And now, because of their great interest in the Hospital, as well as indicating their appreciation of the superintendent's labors in securing so large a proportion of the sum asked for, they propose to finish the Eastern Pavilion at a cost of say \$50,000, provided the remaining amount required to meet the original proposition is speedily received. . . . This settles the entire cost of the Administration Building and gets a load off your shoulders, thus allowing you soon, I hope, to devote your attention to other matters besides the raising of this large sum of money. God has blessed your efforts and we are thankful that you have good health. . . . As your Managers' meeting should be on Thursday, I will cable Dr. Buckley:

### **INFORM MANAGERS WRITING KAVANAGH WILL PAY TOTAL ADMINISTRATION AND COMPLETE PAVILION**

"I thought this would be enough to indicate what the Lord puts into our minds and hearts to do and as you will receive this letter in time for the opening exercises you can easily call a meeting of the Board for a trifle earlier hour so that they may know of this in good time. . . . We are hoping

## PICTORIAL HISTORY

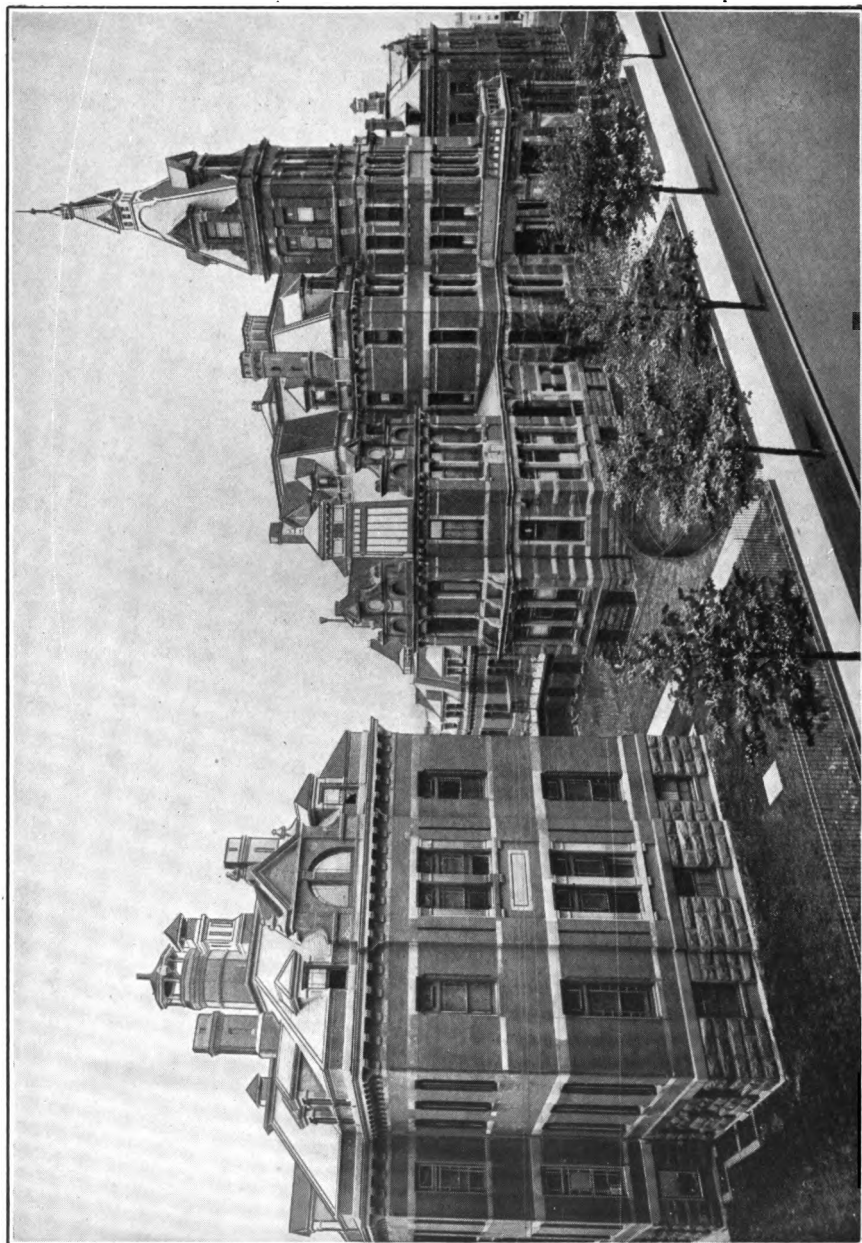

**that his letter will reach you Thursday morning, November 29th, at latest, as a fitting opening for Thanksgiving Day."**

It will be easy to understand from the foregoing excerpts why the superintendent has always counted this letter among his special treasures and as a sufficient reward for continuing in the work of the Hospital when attractive opportunities for service in the pastorate had presented themselves.

# FORM OF BEQUEST

The following is a brief legal form under which bequests may be made in behalf of the Hospital.

I give, devise, and bequeath unto "THE METHODIST EPISCOPAL HOSPITAL in the City of Brooklyn," a corporation duly incorporated by the Legislature of the State of New York, by an act entitled "An Act to incorporate the Methodist Episcopal Hospital in the City of Brooklyn," passed May 27, 1881:

(Here insert the amount of money bequeathed, or a description either of specific personal or real property, or both, or if it be the residue of an estate, state that fact).

## A YEAR'S ACTIVITY SUMMARIZED

**B**UILT Nurses' Home, costing \$181,000 and housing largest class in history of Training School. Incidentally thereto, provided house-staff with improved living quarters, accommodated housemaids with sleeping rooms, enlarged dining halls, furnished additional rooms for patients of moderate means. Elevators equipped with accident-proof safety device, extensive fire-proofing done, modern fire-alarm system installed, up-to-date laundry furnished. Reorganized surgical service along lines of most modern Hospital standards. Treated in wards and rooms, 5,832 patients; in dispensary and otherwise, 8,775 more—an amazing total of 14,607—breaking all previous records. Three fourths of this work done free, or partially free. Through Social Service department extended beneficent ministry of Hospital beyond its own walls into homes of the poor. Added \$27,000 to investment fund, met current expenses without a deficit and inaugurated campaign to raise \$160,000 for repayment of loans on Nurses' Home.
